

WHAT DO OTHERS THINK OF US?

FORT WAYNE, INDIANA :: FISHERS, INDIANA :: LAFAYETTE, INDIANA :: thehagermangroup.com

We're proud of what our company has accomplished, but don't just take our word for it. See what Hagerman clients have had to say about what we've done for them and why they bring us back again and again.

Hagerman is not the only construction company that works at the Zoo, but they are certainly our favorite. They have always provided high quality work, on time and under budget. They add value to the project and help solve problems creatively. They help the Zoo build more for less.

Jim Anderson, Director
Fort Wayne Children's Zoo
Fort Wayne, Indiana

Hagerman and the architect took the mystery out of the Design-Build process, leading us through each step to meet our needs and get the building underway more quickly than traditional methods.

Steve Smith, Administrator CEO
Fort Wayne Neurological Center
Fort Wayne, Indiana

All of our Involvements with Hagerman have been characterized by competence, timeliness, and integrity.

Rev. Dwight Anderson
Retired President & CEO
Lutheran Homes, Inc.
